

17 January 1955

Mr. Philip Knowles  
Operation Manager  
College Radio Corporation  
14 West 45th Street  
New York 36, N. Y.

Dear Mr. Knowles:

Mr. Paul Baumgarten, station manager of WSRN in 1954, has given to me all records of his correspondence with the College Radio Corporation. I was elected station manager for 1955 and accordingly will you please note the following change of address:

Miss Judith Shimansky  
Station Manager, WSRN  
Swarthmore College,  
Swarthmore, Pa.

If you will refer to Mr. Baumgarten's letter to you, dated January 11, 1955, you will see that he states that our files on the Career Hour are incomplete. We have never received from you any contracts for Career, and unless contracts are available for inspection, I do not think you can expect us to start programming and broadcasting the program. You also claim that you have sent to us material on the Burroughs commercial. I wish to remind you that Mr. Baumgarten's letter implied that this material as well as the contracts had never been received by WSRN. If you will send to me this material immediately, I can call an emergency meeting of my staff and answer you within the next week.

I would also appreciate it if you made clear explicitly what part RCA will have in this Career series. If contracts have been prepared for RCA, we would like to have copies of them for inspection.

I sincerely hope that WSRN and CRC can get together on some arrangement.

Yours truly,

(Miss) Judith Shimansky  
Station Manager
